

Commercial Pilot Licence

A Commercial Pilot Licence is what you need to improve your flying skills or to take the leap of starting a new and exciting career. Aviation is a dynamic industry that is currently experiencing tremendous growth. You will be challenged to achieve a professional level of technical knowledge and piloting skills.

Flight instruction is given in a Cessna 152, Cessna 172P or on one of our newer Cessna 172R models. One of our staff or instructors will be happy to give you more details on both the flight training and the study material. Our comprehensive ground school is available — on line — with a flexible schedule for your convenience. A Private Pilot Licence (Aeroplane Category) is a prerequisite of this course. If you haven't yet experienced the magic of flight, why not let us take you up for a 'familiarization flight' for as little as \$40.00!

Training costs reflect Transport Canada minimum times and the program follows Canadian Aviation Regulation guidelines. There are no membership fees at Montair.

Contact us - we'll work with you to earn your wings!
