

Flight Instructor Rating

Do you have a passion for flying? Do you enjoy helping others realize their dreams? Would you like the opportunity to give back knowledge that you have acquired? Then become a flight instructor and know your material inside out. Teach those who want to fly — either as a great hobby or a rewarding career. If you hold at least a valid Commercial Pilot Licence (Aeroplane Category) and have acquired not less than 20 hours instrument time, then you are ready to go!

Flight instruction is given in a Cessna 152, Cessna 172P or on one of our newer Cessna 172R models. You will complete a minimum of 25 hours of Instructor Rating Ground School and 30 hours of dual flight instruction, all with a Class One Flight Instructor.

Training costs reflect Transport Canada minimum times and the program follows Canadian Aviation Regulation guidelines. There are no membership fees at Montair.
