

Recreational Pilot Permit

Looking up at the blue sky you notice an airplane soaring — and you might wonder whether you would be able to master the skill of flying. It's not hard to take the first step to learn! The Recreational Pilot Permit is a great introduction. You will soon be able to fly — and even take a friend up with you to enjoy the freedom of flight.

Flight instruction is given in a Cessna 152, Cessna 172P or on one of our newer Cessna 172R models. One of our staff or instructors will be happy to give you more details on both the flight training and the study material. Our comprehensive ground school is available — on line — with a flexible schedule for your convenience. If you haven't yet experienced the magic of flight, why not let us take you up for a 'familiarization flight' for as little as \$40.00!

Training costs reflect Transport Canada minimum times and the program follows Canadian Aviation Regulation guidelines. There are no membership fees at Montair.
